Australian-based musician Jeff Lang has earned world-wide acclaim as a virtuosic guitarist, a dynamic songwriter and a startlingly unique live performer. With a back catalogue of 16 studio albums, Jeff has been featured at major festivals, pubs, clubs, arts centres and venues internationally for the past decade. Blending rock, roots, folk, blues, ballads, instrumentals, improvisation and a devastatingly high level of musicality, Jeff Lang is a singularly unique performer in our world.

AUDIOVISUAL SYSTEM AT CHURCH

We will be running some training for anyone who is interested in helping out with our sound system and audio visual equipment soon.

This will help us increase the number of people who can step in to undertake the necessary tasks on a Sunday morning so that we can more effectively manage those who currently volunteer. It won't take much training to become familiar and comfortable with our systems.

We are lucky to have the audio visual system that makes it possible for us to worship in a variety of styles but it is reliant on people to operate it.

Please let Roger (freeman@kern.com.au or 0401122256) know if you are interested and we can then set up a convenient time to run some training.
